AWARD RESULTS

10th Edition

Dear Awardees,

Warm greetings!!

We are delighted to extend our heartfelt congratulations to you on your outstanding achievement at the **SEEM National Energy Management Awards 2024**. These awards stand as a prestigious recognition of organizations and professionals who are spearheading India's transition towards a low-carbon, energy-efficient future.

In an era marked by rapid technological advancement, climate commitments, and the global call for decarbonisation, the **SEEM Awards** continue to shine as a beacon of excellence—celebrating initiatives that go beyond conventional energy efficiency to embrace sustainability, innovation, and resilience. Your achievement is a powerful testament to your leadership, vision, and unwavering commitment to driving measurable impact in energy and climate performance.

The **SEEM Awards** are guided by a distinctive evaluation framework that values **systematic, sustained, and scalable actions** rather than just annual energy savings. This approach ensures a fair and balanced assessment, recognizing organizations that embed energy management within their core strategy, irrespective of production or operational fluctuations.

Your success underscores the importance of adopting a **holistic approach to energy transformation**—one that includes employee engagement, real-time monitoring, advanced analytics, renewable integration, and proactive maintenance for optimal performance. Your initiatives to harness **digital tools, promote innovation, and cultivate energy-conscious culture** within your organization truly exemplify leadership in sustainable energy management.

From nearly two hundred exemplary participants across diverse sectors, the SEEM Awards Jury has identified your outstanding contribution as a model of excellence and impact. Your success story serves as an inspiration, catalysing others to join the national mission of achieving **Net Zero emissions** and advancing India's **sustainable industrial transformation**.

We are pleased to announce that the **SEEM Awards 2024 Ceremony** will be held at **The Suryaa Hotel, New Delhi, on November 19 & 20, 2025**. This landmark gathering will bring together thought leaders, innovators, and policy influencers who are redefining India's energy future through collaboration and innovation.

Once again, congratulations on this well-deserved honor. Your commitment, creativity, and contribution continue to move India closer to its **Net Zero vision**, inspiring many to follow your lead on the path toward a greener and more resilient tomorrow.

Wishing you continued success and greater milestones ahead.

For SEEM Awards 2024 Committee

Jayesh Darji
